SAFETY DATA SHEET (MSDS)

**Emergency Medical Telephone Number: (901)794-8556** 

## PRODUCT IDENTIFICATION

Specialty Adhesives Name: GXP-202
Product use: Adhesive

Generic description Synthetic resin based product in water

### 2. Hazards Identification

**Emergency overview**: Contact with this material can cause irritation to the skin, eyes and mucous membranes

Potential health effects

**Eyes** Direct eye contact with the product may cause irritation

**Skin** Prolonged or repeated contact with liquid product may cause irritations.

**Inhalation** Exposure to vapors in poorly ventilated areas may cause irritation of the nose, throat,

And respiratory tract.

**Ingestion** Ingestion causes irritation of upper respiratory system and gastrointestinal disturbance.

Do not ingest.

Fire & explosion This product will not ignite under normal situations but can be ignited in the extreme heat

associated with a fire. In a fire situation, exposed containers may build up pressure and burst explosively spewing hot material. Irritating and potentially harmful vapors may be

released in a fire or spill situation.

# 3. Composition / Information on Hazardous Ingredients

Component CAS-No. Concentration

The manufacturer lists no ingredients as hazardous according to OSHA 29 CFR 1910.1200. This SDS is prepared to comply with this OSHA standard. Unlisted ingredients are not hazardous and are considered to be trade secrets of Specialty Adhesives and Coatings, Inc., and are therefore strictly confidential.

### 4. First Aid Measures

First aid procedures

Eye contact If product contacts eye, flush with water for at least 15 minutes and seek medical

attention immediately.

**Skin contact** If product contacts skin, wash affected area with soap and water. Seek medical attention

if irritation develops or persists. Launder contaminated clothing before reuse.

**Inhalation** Move subject to fresh air in case of accidental inhalation of vapors or decomposition

products. If symptoms persist, get medical attention promptly.

**Ingestion** If ingested, get immediate medical attention. Do not induce vomiting unless instructed to

do so by medical personnel. Never give anything by mouth to victim who is unconscious

or is having convulsions.

# 5. Fire Fighting Measures

## **Hazardous combustion products**

Incomplete combustion can yield carbon monoxide, carbon dioxide and/or low molecular weight hydrocarbons.

**Extinguishing media** 

Suitable extinguishing media Dry chemical, CO2, water spray or regular foam. Avoid using a direct

stream of water.

Fire fighting Firefighters should wear full protective clothing including self

equipment/instructions contained breathing apparatus.

**Dust explosion hazard** None Known Sensitivity to static discharge None Known

Unusual fire & explosion There is the possibility of pressure buildup in closed containers when

heated. Water spray may be used to cool the containers/ hazards

Flash point Non flammable

## 6. Accidental Release Measures

Wear appropriate protective equipment and clothing during clean-up. Follow all Local, **Emergency action** 

State, Federal and Provincial regulations for disposal.

Containment procedures Isolate spill area. Stop discharge if safe to do so. Dike, if necessary, contain spill with

inert absorbent. Collect and contain for salvage or disposal. Keep spilled product from

contaminating soil or from entering sewers, watersheds or water streams.

Reporting See Federal reporting requirements listed in Section 15. We recommend you contact local

authorities to determine if there may be other local reporting requirements.

# 7. Handling and Storage

precaution

For Commercial Use Only - Not Packaged or Labeled for Home Use!

Handling Avoid contact with skin and eyes. Wash thoroughly after handling. Avoid breathing fumes

if this product is used at high temperatures. Use this product with adequate ventilation.

Protect from freezing – product stability may be affected. Storage

**Empty container** 

Attention! Follow label warnings even after container is emptied since empty containers may retain product residues. In storage, monomer vapors will migrate from the emulsion and establish an equilibrium between the headspace in the storage container and the liquid emulsion. Levels in excess of acceptable exposures can accumulate in non -vented headspaces above the emulsion. All procedures appropriate for a confined space entry should be completed prior to performing any work in a bulk storage tank. Do not reuse empty container without professional cleaning for food, clothing, or products for human

or animal consumption, or where skin contact can occur.

# 8. Exposure Controls / Personal Protection

**Exposure Limit(s)** Exposure limits are listed below, if they exist

Component	Regulation	Type of Listing	Value
N.T.			

None

**Engineering controls** Ventilation should be sufficient to effectively remove and prevent buildup of any dusts or

fumes that may be generated during handling or thermal processing.

## Personal protective equipment

**Eye protection** Wear safety glasses to reduce the potential for eye contact. Chemical safety goggles are

appropriate if splashing is likely. Have eye washes available where eye contact can

occur.

**Skin and body** Prevent prolonged or repeated contact by using rubber gloves and appropriate protective

**Protection** clothing. Launder contaminated clothing before reuse.

**Respiratory** Not normally required. When fumes are generated and ventilation is not sufficient to **Protection** effectively remove them, appropriate NIOSH/MSHA approved respiratory protection

must be provided.

**General** Eye wash fountain and emergency showers are recommended.

## 9. Physical & Chemical Properties

Flash Point Not Applicable/ non flammable

Upper Flammable LimitNot DeterminedLower Flammable LimitNot DeterminedAutoignition PointNot Determined

**Explosion Data** Material does not have explosive properties

Vapor Pressure NA PH 4.0 -6.0 Specific Gravity 1.09

**Bulk Density** 9.1 lbs/ gallon **Water Solubility** Miscible

Percent Solids Approx. 40 - 50% Percent Volatile Approx. 55%

%Volatile Organic Compounds Less than 0.40% by weight

**Vapor Density** < 1 Air = 1

**Evaporation Rate** < 1 Butyl Acetate = 1

Odor Slight Appearance White Liquid

Viscosity Approx. 4000 cps. @ 80F

Odor ThresholdNot DeterminedBoiling Point100\*C, 212\*F (Typical)Pour Point TemperatureNot DeterminedMelting / Freezing Point $\sim 0*C$ ,  $\sim 32*F$ 

The above data are typical values and do not constitute a specification. Vapor pressure data are calculated unless otherwise noted

## Hazardous reactions/decompositions products

Upon decomposition, this product emits carbon monoxide, carbon dioxide and/or low molecular weight hydrocarbons.

Hazardous polymerization Will not occur.
Conditions to avoid Not established

Stability Stable under normal conditions. This product may react with strong acids, bases

and oxidizing agents.

# 11. Toxicological Information

#### -ACUTE EXPOSURE-

**Eye Irritation** May cause eye irritation.

**Skin Irritation** Not expected to be a primary skin irritant. Repeated or prolonged skin contact may cause

irritation. Pre-existing skin conditions may be aggravated by prolonged or repeated

exposure

Respiratory Irritation Exposure to vapors in poorly ventilated areas may cause irritation of the nose, throat, and

Respiratory tract. Not established

**Dermal Toxicity** 

**Inhalation Toxicity** Exposure to vapors in poorly ventilated areas may cause irritation of the nose, throat, and

Respiratory tract.

Oral Toxicity Not established. Ingestion of this material may cause gastrointestinal irritations

#### -CHRONIC EXPOSURE-

Chronic Toxicity No data available to indicate product or components present at greater than 1% are

chronic health hazards.

**Carcinogenicity** No data available to indicate product may present a carcinogenic hazard.

**Mutagenicity** No data available to indicate product is mutagenic or genotoxic.

**Reproductive Toxicity** No data available to indicate product may cause reproductive toxicity.

**Tetratogenicity** No data available to indicate product may cause birth defects.

## 12. Ecological Information

There is no data available for this product

**Environmental precautions:** CAUTION: keep spills and cleaning runoff out of municipal sewers and open bodies of water.

It is the obligation of each user of the product mentioned herein to determine and comply with the requirements of all applicable local, state and federal regulations.

**Waste disposal** Dispose of waste material according to Local, State, Federal, and Provincial

Environmental Regulations.

# 14. Transport Information

#### DOT

Not regulated as hazardous goods.

#### **IATA**

Not regulated as hazardous goods.

#### **IMDG**

Not regulated as hazardous goods.

# 15. Regulatory Information

## **Workplace Classification**

OSHA: This product is considered non-hazardous under the OSHA Hazard Communication

Standard (29CFR1910.1200)

WHMIS: This product is not a "controlled product" under the Canadian Workplace Hazardous

Materials Information System (WHMIS)

## **SARA TITLE III: Section 311/312 Categorizations (40CFR370):**

This product is not a hazardous chemical under 29CFR 1910.1200, and therefore is not covered by Title III of SARA

### **SARA TITLE III: Section 313 Information (40CFR372):**

This product does not contain a chemical which is listed in Section 313 at or above de minimis concentrations.

### **CERCLA Information (40CFR302.4):**

Releases of this material to air, land, or water are not reportable to the National Response Center under the Comprehensive Environmental Response, Compensation, and Liabillity Act (CERCLA) or to state and local emergency planning committees under the Superfund Amendments and Reauthorization Act (SARA) Title III Section 304

PAGE 6

# **US. Toxic Substances Control Act (TSCA):**

All components of this product are in compliance with the inventory listing requirements of the U.S. Toxic Substances Control Act (TCSA) Chemical Substance Inventory.

State regulations

**California Proposition 65:** Although low trace levels of Prop 65 chemicals may be present, certified lab tests and occupational exposure analysis under worst case scenario

models by a qualified toxicologist revealed that this product group/chemistry contains no California Prop 65 listed chemicals that yield average daily doses/ exposure at or above the "safe harbor" reporting thresholds outlined in the regulation.

**Restriction of Hazardous** The product(s) covered by this (M)SDS do not contain or are under the prescribed levels **Substances (RoHS 1,2,3)** of prohibited substances listed under 2011/65/ and 2015/863 EU Hazardous Substances

Restricted or Prohibited in Electrical Equipment, including lead (CAS # 7439-92-1), mercury (CAS # 7439-97-6), cadmium (CAS # 7440-43-9), hexavalent chromium (CAS # 7440-47-3), polybrominated biphenyls (PBB), polybrominated diphenyl ethers (PBDE), and phthalates including DEHP, BBP, DBP, and DIBP.

**International regulations** This product has been classified in accordance with the hazard criteria of the Controlled Products Regulations and contains all the information required by the Controlled Products Regulations.

#### REACH

### **Substances of Very High Concern (SVHC)**

The product(s) covered by this (M)SDS does not include a substance above a concentration of 0.1% weight by weight (w/w) in the Candidate List of Substances of Very High Concern (SVHC) for authorization published or proposed by ECHA on the following dates:

- October 28, 2008 - June 18, 2014 - January 19, 2021 - August 31, 2009 - December 17, 2014 - July 8, 2021 - January 13, 2010 - June 16, 2015 - January 17, 2022 - March 8, 2010 - December 16, 2015 - July 16, 2022 - June 18, 2010 - June 20, 2016 - January 16, 2023 - October 14, 2010 - January 12, 2017 - June 14, 2023 - December 15, 2010 - July 7, 2017 - June 20, 2011 - January 15, 2018 - June 27, 2018 - December 19, 2011 - February 17, 2012 - January 15, 2019 - June 18, 2012 - July 16, 2019 - December 19, 2012 - January 16, 2020 - June 20, 2013 - June 26, 2020
